EUROPEAN UNION – OVINE/CAPRINE EMBRYOS FOR EXPORT TO CHILE (VIA TRACES)

Information for issuing office

The Chilean authorities have agreed a specific, harmonised certificate for the export to Chile of ovine/caprine embryos from all EU Member States. This certificate must be issued from the EU Commission's Trade Control and Expert System (TRACES).

Important Note

The relevant notes for guidance for this certificate are available [8024NFG] and should be issued as per standard procedure.

This Dummy document 8024EHC has been created solely for the purposes of clarifying the availability of the certificate on TRACES and for loading the associated document 8024NFG on Centaur.
