SUPPLEMENTARY CERTIFICATION IN RESPECT OF SCHMALLEMBERG VIRUS (SBV) AND
BLUETONGUE (BT) VACCINATION

I, the undersigned, further certify in respect of the embryos described in
certificate 629EHC and numbered that:

¹a) in respect of Schmallenberg virus (SBV) and for embryos collected on
or after 1 June 2011:

a virus neutralisation test or an approved indirect ELISA for
antibody to the Schmallenberg virus (SBV) was carried out on a blood
sample collected

***either**

between fourteen (14) and sixty (60) days after the last collection
of embryos from the donor for this consignment, with negative
results.

***or**

between fourteen (14) and sixty (60) days before first collection of
embryos from the donor for this consignment with positive results.

Name or Ear Tag No. of female donor	Straw/Vial Identification	Date embryos collected	Date blood sample collected	Test used: VNT or iELISA	Result of test: positive or negative

²b) in respect of Bluetongue (BT) vaccination:

the following donors were vaccinated against BT using inactivated vaccine approved by the competent authority of the country in which the vaccine was administered and the vaccine was administered more than 60 days before collection for this consignment.

Name or Ear Tag No. of female donor	Name of vaccine	Date of administration
