(a) Name and address of exporter:

(b) Name and address of importer:

(c) Means of transportation (Name of ship, flight number, airport/port of departure):

IV Health Information

I, the undersigned Official Veterinarian, certify that the consignment of meat described above meets the following conditions:

- (a) the United Kingdom is recognised by the central competent authority of Taiwan as being free from foot and mouth disease, rinderpest, contagious bovine pleuropneumonia, Classical Swine Fever and African swine fever;
- (b) the ante-mortem, slaughter and post-mortem systems in the United Kingdom meet the requirements as set by the relevant hygiene regulations currently in force in the United Kingdom which are deemed equivalent to those set by the regulations of Taiwan;
- (c) the meat was produced from pigs born and raised in the United Kingdom slaughtered in designated establishments of the United Kingdom;
- (d) the pigs from which the meat is derived passed ante-mortem and post-mortem inspections conducted by official inspectors in designated establishments of the United Kingdom and it is unconditionally fit for human consumption;
- (e) the meat was cut and processed in designated establishments of the United Kingdom;
- (f) while in the designated establishments or being transported, the meat was kept in sanitary conditions and free from contamination by pathogenic organisms or toxic substances;
- (g) the meat was transported in clean and sanitary containers. The package or the surface of the meat bears the stamp of the competent authority of the United Kingdom indicating the registration number of the designated establishment(s) responsible for the final manufacturing/processing/packing of the meat.
